EDUCATION

Vardhaman College of Engineering

B. Tech – Computer Science Engineering (AI & ML)

2024 – Present

CGPA: 8.15 / 10

Sri Chaitanya Junior College

Intermediate Education (MPC)

2022 – 2024

CGPA: 9.36 / 10

Sri Chaitanya School

Secondary Education (SSC)

Completed 2022

CGPA: 9.2 / 10

TECHNICAL SKILLS

Languages: C, Python, Java, Dart

Web & App Technologies: HTML, CSS, Flutter

Core Concepts: Data Structures & Algorithms (DSA)

Tools & Platforms: Firebase, Google Cloud, VS Code, AI-Assisted Development Tools

Domains of Interest: Artificial Intelligence, Machine Learning, Cybersecurity

PROJECTS

Kosmic Shine – Car Wash Services Platform

Under Development

Flutter | Dart | Firebase | Google Cloud | Startup Concept

- Developed a mobile application using Flutter for connecting users with nearby car wash and detailing service providers.
- Designing features including service browsing, slot-based booking, and provider comparison inspired by modern on-demand service platforms.
- Focused on scalability, mobile-friendly UX, and a streamlined experience for local automobile service businesses.

Commune Connect – Community Engagement Platform

Under Development

HTML & CSS | Firebase | AI-Assisted Workflow

- Developed a full-stack community platform using AI-assisted development tools, connecting individuals through cultural, educational, and social events.
- Completed core frontend and backend development; implemented event browsing, slot booking, and user management functionalities.
- Currently integrating real-world data pipelines and refining UX for practical deployment readiness.

CERTIFICATIONS

• NPTEL

Ethical Hacking — NPTEL Online Certification

• Infosys Springboard

Multiple Course Completions — Infosys Learning Platform

• HP

AI for Beginners — HP LIFE / HP Education Program

ACHIEVEMENTS & EXPOSURE

ISOC HYD UA Day 2026

Internet Society Hyderabad Chapter × Microsoft

- Attended industry sessions on digital transformation, emerging technologies, and modern engineering trends delivered by professionals from Microsoft and partner organizations.
- Engaged in networking discussions around AI innovation, professional growth pathways, and the evolving tech landscape.

Industrial Visit – Genesys Info X

Academic Industrial Exposure Program

- Gained hands-on exposure to professional workplace environments, organizational workflows, and software development practices in an industry setting.
- Interacted with engineers and interns to understand the transition from academic learning to real-world product development.

ADDITIONAL

Interests: AI-assisted and "vibe coding" development workflows, startup product building, rapid prototyping, modern mobile & web technologies, and competitive problem-solving.
